

What is JPIT's Constituency Action Network (CAN)?

CAN is a network of churches across the UK who are committed to building positive and purposeful relationships with their MP and working with them to speak and act for peace and justice.

When churches sign up to CAN, they commit to:

Getting the whole church community on board, engaging with the Network as part of their mission and outreach

Building a relationship with their MP, to get to know them, help them to engage with your community and open up conversations about key issues.

Speaking up on issues of peace and justice, to advocate for change at a local and national level

JPIT will support church communities in CAN by:

Offering staff support from The Joint Public Issues Team, to answer questions and provide guidance

Network Building, connecting churches in the same constituency and hosting online gatherings where we can learn from each other

Sharing tools, resources and briefings to equip and empower churches to effectively engage with their MP
